Jaiswal Nikita

React Developer (Full Stack)

✉ jaiswalniki7878@gmail.com   📞 7984628268   📍 Bharuch, Gujarat   🔗 Nikita Jaiswal

🪪 CAREER OBJECTIVE

Highly motivated with 3+ years of hands-on experience in designing, developing, and implementing scalable web applications using modern technologies. Proficient in both front-end and back-end development, with expertise in HTML, CSS, JavaScript, and frameworks such as React, Next.js, and Node.js. Strong problem-solving skills, detail-oriented, quick learner, and effective team player with excellent communication skills, ensuring successful project management and software solution delivery.

💼 PROFESSIONAL EXPERIENCE

Associate React Developer   06/2022 – Present | Bengaluru, India
Exalogic Consulting

Associate Software Engineer   06/2021 – 06/2022 | Ahmedabad, Gujarat
OpenXcell Technolab

Intern   01/2021 – 04/2021 | Surat, Gujarat
WebOsmotic Software Solution

📁 PROJECTS

Aqaar ↗   06/2023 – Present
Exalogic Consulting

Real Estate web app, where customers can buy, rent and sell properties in UAE.

My Role - Developed and implemented frontend architecture using Next.js. Implemented state management solutions such as Recoil to manage application state and ensure data consistency across components, enhancing user experience and application performance.

- *React, Next JS, Recoil JS, Jest.*

RealCube Property Portal ↗   01/2023 – 06/2023
Exalogic Consulting

Real Estate web app, where customers can buy, sell and rent properties in UAE.

My Role - Developing of front-end application and writing of unit test-cases. Coordinated deployment activities with the team, ensuring thorough planning and execution to maintain system integrity.

- *React, Redux, Jest, Typescript.*

International Capital Trading ↗   06/2022 – 01/2023
Exalogic Consulting

Real Estate web app, where customers can buy, sell and rent properties in UAE.

My Role - Developed multiple modules using React.js, ensuring each module meets project requirements and contributes to overall functionality. Conducted comprehensive unit testing for each module, ensuring functionality and reliability across various scenarios.

- *React, Redux, Jest, Typescript.*

Anqa ⬀
06/2021 – 06/2022

OpenXcell Technolab

Transforming mind, body, and soul, Anqa provides financial freedom to the world's holistic wellness professionals.

My Role - Worked independently as the sole developer on the project, taking full ownership of the requirements, design and implementation. Contributed to the overall success of the project by delivering high-quality code and fostering effective communication among team members and stakeholder.

- *React, Material UI, HTML, CSS.*

NjangiPot
12/2021 – 06/2022

OpenXcell Technolab

This application functions similarly to a chit fund, in which users can invest money and become benefactors.

My Role - Complete ownership of the creation of an admin panel. Integrated a graph component into the admin panel to provide visual representation of data trends or analytics. Managed numerous login approval processes, ensuring secure access to the admin panel.

- *React, Ant Design, HTML, CSS.*

Altavod ⬀
01/2021 – 04/2021

WebOsmotic Software Solution

It offers a platform created by filmmakers for filmmakers to distribute their movies how they want, where they want, when they want

My Role - Completed an internship for the "Altavod" project, collaborating with a senior developer on an Angular technology. Implemented various features within the project, focusing on functionality enhancements and user experience improvements.

- *Angular9+, Bootstrap, SCSS, SASS, HTML.*

🎓 EDUCATION

Master Of Computer Application
08/2019 – 05/2021 | Anand, Gujarat

G.H. Patel P.G. Department Of Computer Science & Technology, Sardar Patel University
